History

This recognition, presented through the Maine Lions Sight & Hearing Foundation, was named for PIP Curtis D. Lovill, who was to date, the only Maine Lion to have served as the International President of Lions Clubs International. PIP Lovill served as our District Governor from 1944 to 1946; later as International Director representing Maine from 1950 to 1952 and then as the Lions International President for the 1962-1963 Lions year. He received a number of awards including the Extension Award, the Senior Master Key Award and the Ambassador of Goodwill Award.

He also served as the President of the Lions-sponsored Maine Sight Conservation Association, Inc.; now Maine Lions Sight & Hearing Foundation.
